# EUROPEAN VENTURE FAIR 2021

*leading industrial technology innovation*

Startups meeting with potential investors during the networking break.

Dear Executives

The European Venture Fair 2020 was an enormous success with 140 venture capital attendees.

We are now rapidly preparing for our 20<sup>th</sup> event, EVF 2021, and wish to provide you information about the event and the package that is offered to those start-up companies that are selected to present.

Presentations will take place on **September 30<sup>th</sup>, 2021 in Zurich, Switzerland**. There is no charge for presenting companies to attend.

Kind regards,

Gina Domanig

On behalf of the European Venture Fair  
Managing Partner - Emerald Technology Ventures

*Presenting Company Application Pack*

Ulrich Münch, Sales Director at DEPSYS said

“The European Venture Fair has allowed us to get in contact with investors, which will help us increase our future growth. A perfectly organized event with a lot of interesting contacts throughout the Venture Capital scene.”

# EUROPEAN VENTURE FAIR 2021

*Presenting Company Application Pack*

EVF is established as a Swiss Verein (non-profit association) to promote activities to support technology projects and topics.

It seeks to support research and development and to carry out educational, dialogue and network development programs, and to create a platform for the promotion of and investment in technologies.

## **Conference Participants:**

- The conference is exclusively for independent VC fund, family office and corporate venture investors in the industrial technology innovation sector and attendance at the conference is by invitation only.

# EUROPEAN VENTURE FAIR 2021

## *Presenting Company Application Pack*

20 start-up stage industrial technology companies will have the opportunity to present their businesses at the European Venture Fair on the **30<sup>th</sup> of September, 2021**.

Companies seeking capital funding, looking to partner with corporations or looking to exit to corporations are encouraged to apply by the **6<sup>th</sup> of August 2021**.

Clara Song, Head of Int. Business Development, Black Bear Carbon

**Presenting Companies** attract the following benefits:

- They will be one of 20 companies to present at the fair.
- Opportunity to present your company in a six-minute pitch in front of the leading European investors.
- Opportunity thereafter to meet with potential investors throughout the second day. Tables will be provided for a limited display and brochures.
- Free coaching from two senior VC partners prior to your presentation.
- Investors attending the conference will have access to a description of your company in advance, and contact details to follow up after the event.
- Free admission for the presenter and one other colleague to the conference on the 30<sup>th</sup> of September, 2021
